Disposable Face Masks

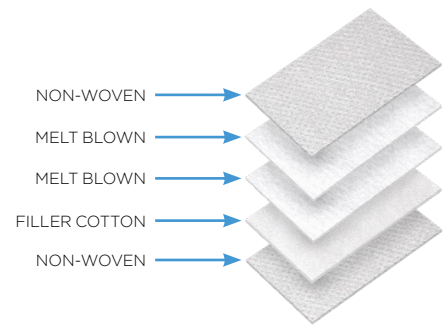

H331

RESPIRATORY FACE MASK

KN95 respiratory face masks can protect against the virus if you wear and use them correctly. You need to fit them correctly so they are tight to face.

These masks are thicker than a normal medical mask. However, they need to be fitted properly, and they are not designed to be used for a long period. 30 minutes is an average time to wear. Dispose of the face when it gets wet or dirty. A typical respiratory face mask will last over 1 week. Wear when you are near to other people, for example, in an office or when travelling on public transport. 20 face masks within each polybag.

Product Dimensions: 240mm x 160mm x 30mm
Colour Available: White
